

"Louis" aka Baby Opie

Happy, playful and very affectionate, Louis is adjusting to life in the big apple, sharing quarters with his pal, Emma Peale (a 4 yr rescued female tabby).

Recovering heroically from his neutering procedure last month, Louis never missed a moment of play or opportunity for fun.

He loves to drink from the bathroom sink while we brush our teeth and has currently become fascinated with the household's morning shower routine, waiting impatiently for us to leave the shower stall so he can jump in, watching and chasing the water dripping down the walls.
